CUTTING EDGE TRAINING, LLC
In association with the
Bonneville County, ID, Sheriff's Office
Presents an opportunity to attend
A vital training course that is equally important
to your officers, your agency, and your citizens

Pursuit Decision-Making

This course provides the officer, supervising officer, and agency policy-maker with reasonable "pursuit decision-making" factors for:

- **Safer and more defensible vehicle pursuits**
- **Safer and more defensible arrest of fleeing offenders**
- **Defense of your actions in any venue**

This outstanding nationally presented course includes:

- Court and community standards of evaluating officer conduct in vehicle pursuits
- Pursuit dynamics and the human reality of vehicles at speed in pursuits
- Overcoming supervisory & officer pressures in pursuit decision-making
- Pursuit legal issues and defense
- Tactics at the terminus to keep you alive and *out of court!*
- **Scott v. Harris, Plumhoff v. Rickard, Graham v. Connor** compliant
- Functionally applying the core policy provision of "the need to immediately apprehend against the threat of the pursuit to the public"

FINALLY!

A "Risk versus Benefit" analysis formula you can really use to satisfy the courts *AND* your agency policy!

This course will help you prevent police vehicle pursuit tragedies.

Learn how to effectively limit your agency's liability
—*as well as your own*—in vehicle pursuits

Your instructor: **George T. Williams**, Director of Training for **CUTTING EDGE TRAINING, LLC**. Certified Police Master Trainer. Published widely (two books and 250+ articles) and extensively defends officers as an Expert Witness on pursuit, force, tactics, policy, and training. This training, developed by police risk managers and defense attorneys, has been presented to thousands of officers, supervisors, police managers and chief executives nationwide.

Location:
